Jeremy Struthers

Customer:

Sensor Tech Ltd, Castlebellingham
Co. Louth, 35342, IRELAND

Equipment Details

Description: Digital Thermometer & PRT Probe

Manufacturer: Sensorcal

Type No: Sensorcal, Pt100

Serial No: 0711500,0711500P

Engineer: Oliver Oxborough

Customer Ref: -

Date of Receipt: 05 November 2015

Order No: 1872

Our Reference: 00100638

Date: 11 November 2015

Calibration Summary

This certificate is issued in accordance with the laboratory accreditation requirements of the United Kingdom Accreditation Service. It provides traceability of measurement to the SI system of units and/or to units of measurement realised at the National Physical Laboratory or other recognised national metrology institutes. This certificate may not be reproduced other than in full, except with the prior written approval of the issuing laboratory.

Ambient Conditions Temperature: 20.0 ± 2 °C

Date of next calibration: 11/Nov/2016

The results given within this certificate only relate to the item calibrated. The uncertainty limits quoted refer to the measured values only, with no account being taken of the instrument's ability to maintain its calibration. The reported expanded uncertainty is based upon a standard uncertainty multiplied by a coverage factor k=2 providing a confidence level of approximately 95%. The uncertainty evaluation has been derived from EA-4/2 1999 uncertainty document.
